

Student Sponsorship Requirements

Liberia Dental Therapy School

All applicants for the Dental Therapy Practitioner (DTP) program are required to have a sponsor. The Sponsor will usually be an organization (government hospital, church, or company) rather than an individual. However, individual sponsors will be considered on a case-by-case basis.

A representative of the sponsor must attend the interview meeting, to be conducted alongside the prospective student.

The Sponsor will agree to:

- Supply full or partial financial support for the student (this will include tuition and fees, and accommodation costs).
- Monitor progress of the student, providing accountability.
- Provide a place for the student to practice upon graduation.
- The sponsor will receive a Dentaaid field kit and, alongside the DTP, be responsible for its care.

Following acceptance into the program, there will be a written agreement between the sponsor and the student, outlining their various responsibilities and commitments. The sponsor will be obligated to confirm their intention to pay the costs of the student's fees.
